

Fairfield Quarter Residents Association

[← Back to results](#)

We are set up as a residents association, managed by four officers and a committee of six.

Role with regards property: To represent all residents of Fairfield Quarter with regards care of the property, safety & security, maintenance and legal rights as residents.

Role with regards community: To encourage interaction between all residents of Fairfield Quarter through social events and creative initiatives.

Our long term goal is to ensure that Fairfield quarter is a good, safe place to live for all residents, and develop a strong sense of community within the development and across Tower Hamlets as a whole.
