

Gurdwara Sikh Sangat

[Back to results](#)

Being a Sikh Temple, our primary purpose is to carry out functions for the benefit for the Sikh Community. However, we also see ourselves as having a bigger role and responsibility in the community as a whole.

Therefore, the Temple also seeks to assist in promoting community cohesion as well as encouraging and developing community provision and involvement for the benefit of all residents in the Borough.

In the circumstances, the Temple seeks to utilise Art forms as a mechanism to celebrate cross cultural events in a fun and enjoyable manner to both educate and ensure there is a positive understanding & togetherness in the community.
