

WE ARE LISTENING TO OUR PATIENTS!

We now offer a telephone triage slot with a GP daily for any patients unable to get the appointment they want. We are working with our patient group and are investing in a complete new telephone system which will improve telephone access for our patients. Patients can also order prescriptions and book appointments on line. Please ask to speak to one of us if you need further information on any of the above.

Please also remember to tell us if you notice any of the improvements we are making.

YOUR COMMENTS ARE IMPORTANT TO US.
